OBJECTIVE

Seeking a software engineering position where I can apply my analytical skills and technical knowledge to solve real-world problems, contribute to impactful projects, and gain valuable industry experience.

TECHNICAL SKILLS

Languages: Java, C, C++, SQL

Frontend: HTML, CSS, JavaScript, Bootstrap, React.js

Backend: Spring Core, Spring Boot, Spring JDBC, JDBC

Database: MySQL

Tools: Git, VS Code, Eclipse, Postman, Swagger

EDUCATION

Degree / Level	Institution	Board / University	Year
B.Tech (CSE)	Shreeyash College Of Engineering and Technology, Sambhajinagar	DBATU	2020 – 2024
H.S.C	SBES College of Science, Sambhajinagar	MSBSHSE	2019 – 2020
S.S.C	Shree Gujarati Vidya Mandir, Sambhajinagar	MSBSHSE	2017 – 2018

PROJECTS

Movie Fusion (Full Stack)

Full Stack Movie Recommendation System

- Java + Spring Boot backend with REST APIs.

- Frontend built in React.js with responsive UI.

- Integrated MySQL via Spring JDBC for data persistence.

Employee Management System

- Developed CRUD operations using Spring MVC and JDBC.

- Structured with service, repository, and model layers.
